

Mini symposium “Neural Circuits in Pain” 25th September, 2015

Venue: Seminar room 19, INF 306, 1st Floor
Heidelberg University, 69120, Heidelberg

- 12:30-13:00 Lunch for all PIs and project-related staff.
- 13:00-13:30 **Project B01:** The role of the prefrontal cortex in nociception and pain and underlying circuitry
Speaker: Rohini Kuner
- 13:30-14:00 **Project B04:** Translational studies in chronicity of pain: Neuroplasticity in corticolimbic dopamine and glutamate pathways.
Speakers: Ainhoa Bilbao, Wolfgang Weber-Fahr
